Re: United States v. Hansel Olivares-Paula
Magistrate Docket No. 07-1408

Dear Judge Fox:

I write this letter with the consent of the Government and the Pretrial Services Agency to request that the court modify the defendant's bail conditions to include the District of New Jersey as a permitted place of travel without prior approval from his Pretrial officer.

The defendant has obtained a job as a cable installer for DR Global Space Communication Inc. His job requires him to perform installations in New Jersey ("Exhibit A").

During my conversations with Luis Piedra, the defendant's pretrial officer, Mr. Piedra also indicated that he would not be opposed to the defendant's supervisor being modified to routine reporting from his current status of strict reporting.

If the court is amenable to these proposed changes, we respectfully request that the court endorse this letter to effectuate the modifications.
